## **DETAILED ACTION**

### ***Specification***

1. The disclosure is objected to because of the following informalities: There appears to be a typographical error in line 35 of claim 43. The recitation "air flow" is both bracketed and underlined and should be deleted.

Appropriate correction is required.

### ***Reissue Applications***

2. The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

### ***Allowable Subject Matter***

3. Claims 1-54 are allowed.

4. The following is an examiner's statement of reasons for allowance: Claims 1-30 are unchanged and remain allowable for the reasons given in the notice of allowance office action mailed with the parent application. Claims 31-54 are allowable because the prior art fails to disclose or suggest an evaporative emissions control canister having the improvement of an initial adsorbent volume having incremental adsorption capacity at 25° C of greater than 35 g n-butane/L between vapor concentrations of 5 vol% and 50 vol% n-butane and at least one subsequent adsorbent volume having an incremental adsorption capacity of less than 35 g n-butane/L between vapor concentrations of 5 vol% and 50 vol% n-butane, as described in independent claims 31 and 43.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

5. This application is in condition for allowance except for the following formal matters:

The minor error in the claim and the lack of the original patent submission as described in paragraphs 1 and 2 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
